Re: CC Docket 94-129
    Cordia Communications Corp., My Tel Co, Inc., Northstar Telecom, Inc.

Dear Secretary Dortch:

Please allow this correspondence to serve as notification that Cordia Communications Corp. ("Cordia"), My Tel Co, Inc. ("MyTel"), and Northstar Telecom, Inc. ("Northstar"), all non-facilities based competitive local exchange carriers and subsidiaries of parent Cordia Corporation, are not able to comply with the above captioned Commission docket. The Companies' telemarketing representatives are not able to drop off solicitation calls once the Third Party Verification has been initiated. For the following reasons, we request an exemption to the Commission mandate.

Compliance with the requirement is infeasible for our company, as we lack the technical means to allow our representatives to drop off the call once the verification has begun. Currently our representative stays on the line with his or her phone on mute, and does not interact in any way with the customer. Furthermore, the equipment upgrades that would be required to comply with the Commission's mandate are economically prohibitive. As a small competitive carrier we lack the resources of a larger incumbent

provider, and are not able to update our equipment with the same amount of frequency. Compliance with the mandate would put an immense burden on our financial well-being.

For the above reasons we are requesting that the Commission grant Cordia, My Tel, and Northstar an exemption from the "drop-off" requirement as explained in CC Docket No. 94-129.

I, Wesly Minella, pursuant to 28 U.S.C. § 1746, declare that the foregoing is true and correct, under penalty of perjury.
